

Blue – EMERALD

I think, that I began to hope, since I sat here with you.
I had been meaning to hope, to come and sit here with you.

Nothing I can say, but I don't mind sitting with you.
You keep the rain away, when I spend time sitting with you.

Ohhh sometimes, you knew. Ohhh sometimes I feel.
BLUE.

I'm believing, to think and to hope, just to sit here with you.
What I think, that I needed the most, was to sit here with you.

Ohhh sometimes, you knew. Ohhh sometimes I feel.
I'M BLUE.

I'd rather, that you never spoke, when I sit here with you.
You never really needed to know, but I said it to you.

You see that I've been meaning to hope, to come and sit here with you.
You take my pain away, and I don't mind sitting with you.

Ohhh bad times, won't go. Ohhh sad times you know.
I'M THROUGH.

I'm beginning, to think that there's hope, when I sit here with you.
There's no one else here in the room, so I'll say it to you.

And I tried to say, I don't lie when I'm speaking to you.
You never came today, And I sure miss sitting with you.

But, I'm not blue.
I'M NOT BLUE.
