Shot, out at midnight, out in the moonlight, leaving my home.

Got shot, out at midnight, i'm on the first flight, leaving my home.

Got lucky that midnight, everything just right, i still don't go home.

Next day the new light, got me a new flight, nowhere near home.

Shot, out at midnight. Out in the moonlight. I'm leaving for home.

I'm out here on the moonlight tonight.

I'm out here on the moonlight tonight.

I'm out here on the moonlight tonight.

I'm out here on the moonlight tonight.

Don't, take me home, ain't no place I gotta go.

Don't, take me home, ain't no place I gotta go.

Don't, take me home, ain't no place I gotta go.

Don't, take me home, there ain't no place that I gotta go.
